MARION E. REITZ
Director

March 20, 1991

Dear User of This Publication,

In the past, any given month's issue of Economic Assistance Statistics has been restricted to data for that report month. Our policy has been to issue the data for any given report month only after the data for all programs had been received in the Division and processed. A result of this policy has been long delays in publication of Economic Assistance Statistics. With this issue, I am pleased to inform you of a change in publication policy that will make data available to you more quickly.

Henceforth, there will be regular monthly issues. The contents of any given month's report may be a mix of report months, depending upon what data has been received and processed since the last monthly issue. For example, this March 1991 issue contains data for February thru April 1990 for the General Assistance program and for February thru June 1990 for all others. The publication is labelled Economic Assistance Statistics issued March 1991. March 1991 is the issue month, not the report month.

Henceforth, this publication will be issued during the first week of each month and will contain all data processed for publication thru the 15th of the prior month.

It is my wish that timely availability of the data will render this publication more useful to you. Your comments and suggestions are welcome. These may be addressed to this Division to the attention of Norman Lindsey, Manager, Bureau of Research and Statistics, CN 716, Trenton, NJ 08625.

Sincerely yours,

Marion E. Reitz,
Director

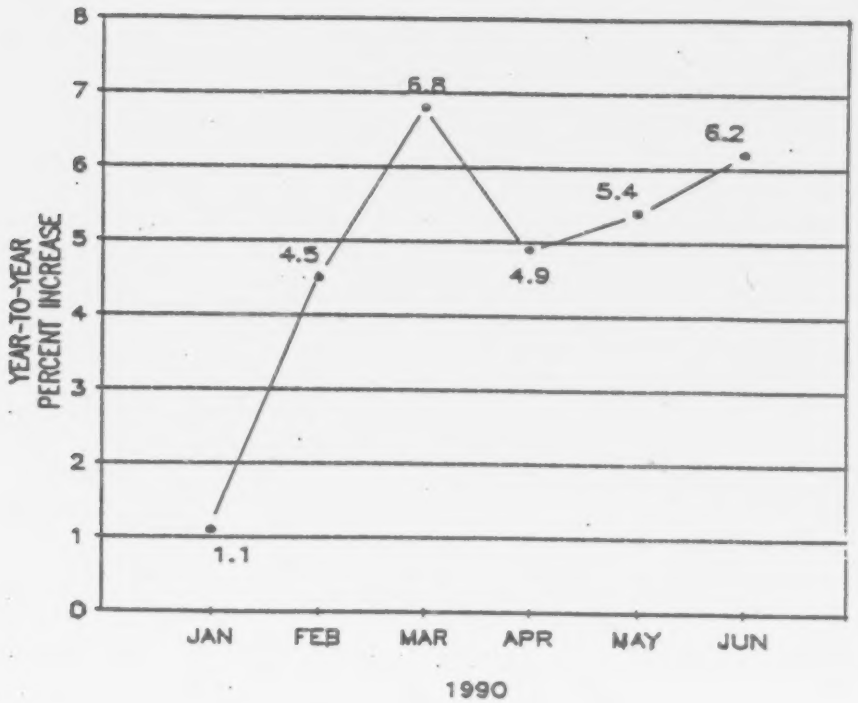
AFDC CASES, ALL SEGMENTS

YEAR-TO-YEAR PERCENT INCREASES *

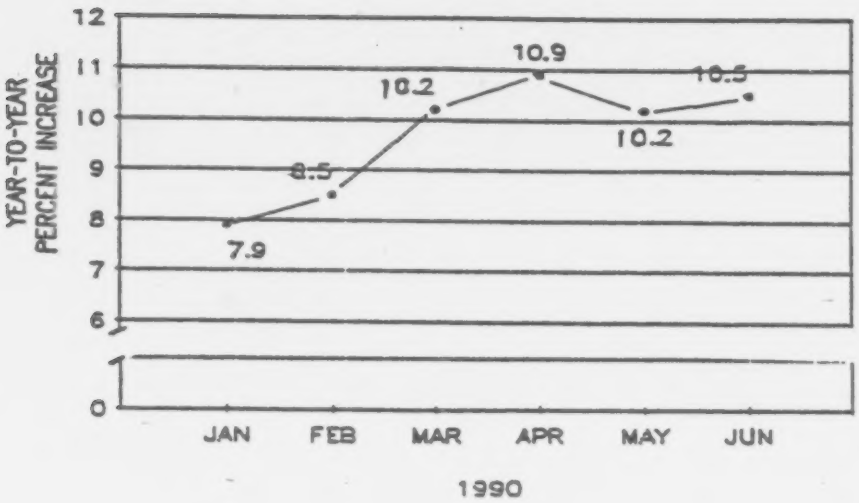


* The cited month's AFDC cases compared with the number during the same month a year ago.

The number of monthly AFDC cases declined steadily from from August 81 (155,200) thru May 89 (102,000). Beginning in June 89 and continuing thru January 90, monthly AFDC cases increased at modest rates. Following January 90's 1.1 % increase over the number of January 89 cases, the year-to-year percent increases exceeded 4 % February thru June 90. June 90's caseload was 6.2 % higher than June 89's.

HOUSEHOLDS UTILIZING FOOD STAMPS

YEAR-TO-YEAR PERCENT CHANGES *



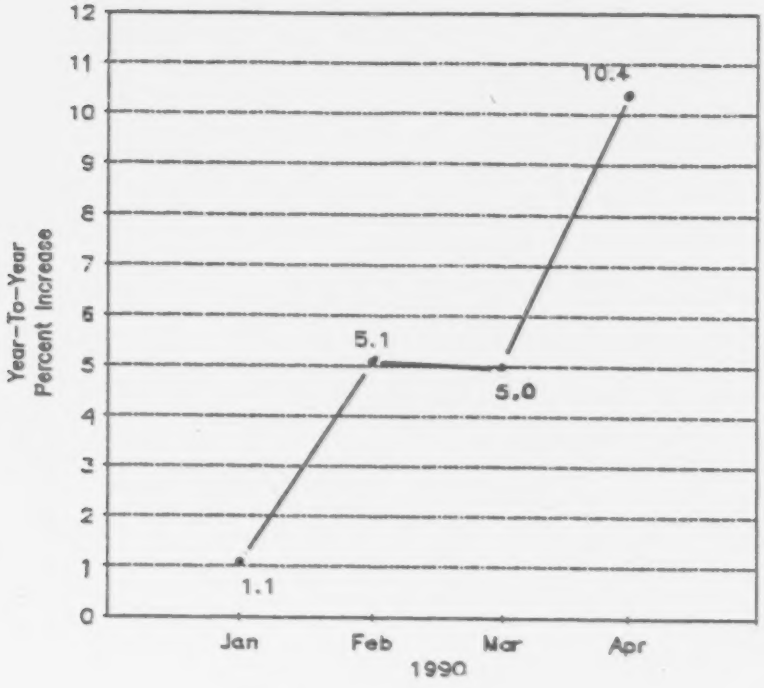
* The cited month's GA recipients compared with the number during the same month a year ago.

At the end of the 1981-82 recession in New Jersey, the number of NJ households utilizing food stamps exceeded 200,000. With economic expansion this number declined steadily, bottoming-out at 134,300 households in November 1988.

From December 1988 through 1989, the number continued to increase steadily. As indicated in the above graph, year-to-year percent changes have exceeded 10 % since March 1990.

GENERAL ASSISTANCE RECIPIENTS

YEAR-TO-YEAR PERCENT INCREASES *



* The cited month's GA recipients compared with the number during the same month a year ago.

Beginning with State Fiscal Year 1985, the average monthly number of GA recipients declined for five consecutive years. In SFY 1990, the number of recipients began to rise again.

The above graph indicates a moderate rate of increase comparing January 90's number of recipients with January 89's. The year-to-year rates jumped to 5.1 and 5.0 % in February and March 90 and then leaped to a 10.4 % year-to-year rate in April 90.
